

Howard Artrip - *Engagement Leader*

502-759- 0648, howard.artrip@theleanway.com

Mr. Artrip serves as lean transformation project leader, bringing over 20 years of Toyota experience to the team. His strong background includes Pre-Production Model Change Planning and Production Management and he has applied lean tools and thinking everyday working within the Toyota Production System. He also brings a wealth of Continuous Improvement experience, particularly in Manufacturing and Logistics Systems. His work for ILS focuses on both domestic and international clients and specializes in developing management tools to support operations stability.
